

The "Gay Agenda"

The Right-Wing Conservative Agenda

Get married to the one person we would actually spend the rest of our lives with.	Sponsor legislation like DOMA to prevent LGBT persons from marrying in an effort to "protect the sanctity of marriage."
Adopt a child that desperately needs a good home.	Protest against LGBT persons adopting children because "a same-sex household is not a healthy environment for a child to grow up in."
Hold our partners' hands in the hospital while facing a severe illness or injury.	Sponsor bills like Proposition 8 in California which specifically denies same-sex couples basic civil rights.
Attend a loved one's funeral and grieve over their loss.	Stand across the street from an LGBT person's funeral holding up signs that read "God hates fags."
Be treated equally.	Denounce LGBT persons by touting misconstrued Bible verses and imposing Christian beliefs.
Attain justice for hate crimes that resulted in violent physical and emotional abuse.	Spend millions of dollars on an attempted block of the "Matthew Shepard Act" which allows the federal government access into hate crimes on the state level.
Buy a product or service in good faith and conscience.	Donate millions of dollars to known hate groups that specifically fund anti-gay legislation and "Homosexuality Treatment Camps."
Rest assured knowing the kids in school won't verbally, emotionally and physically harm you on the following day.	Pass bullying off as "kids will be kids," instead of actively pursuing solutions to prevent violence.
Get access to family healthcare for ourselves, our partners and our children without paying taxes on it.	Vote against the Health Plan Beneficiaries Act which would allow domestic partners the opportunity to deduct the cost of health insurance from their taxes (like heterosexual married couples do).

SHARE IF YOU BELIEVE ALL PEOPLE SHOULD BE TREATED EQUALLY
